### DID YOU KNOW...

Generally, stick-built homes are more expensive, not because of what you get, but because of the inefficiencies of the building process!

We are confident that we offer a better way than most conventional builders, using our 37 years of building experience, our multi-million dollar facility to build more efficiently, and our skilled craftsmen that can do a better job than most on-site workers provide.

Our homes are built only to order for our Heritage Builders and their customers, so that each family's home is really custom built for them. Our system helps your builder be more efficient and offers a wider variety of materials and designs than any other method of building. You get a local builder with local site sub-contractors to back them up, receive greater value, and a better home for your money.

Call 1-800-759-2782 for a free catalog or to schedule a tour Monday through Friday 9am- 4pm and Saturdays 9-11am.
